

NEW YEARS MESSAGE FROM YOUR PRESIDENT

The year 2020 will forever be remembered for the covid-19 pandemic, which brought the world to its knees, as we all grappled to come to terms with the impact this disease had on us all. Many of us would have been affected financially as a result of this virus, others would have had anxious moments, knowing someone whom would have contracted it, and sadly some would have even had to deal with the loss of a loved one due to it.

Thankfully, it has been extremely heartening to see the resilience our people have shown in the face of this calamity, the adherence to the stipulated protocols, and the overall concern for the welfare of our fellow human beings. Such qualities have given us much hope as we embark into a New Year, hope that we can overcome any obstacles that may come our way. As such, the outlook for the new year is indeed a bright one.

As we close 2020, and usher in 2021, I do wish to express my best wishes to you and those close to you. May you have a safe and peaceful new year, and may God Almighty continue to guide and protect you.
