

Virtual AGM Survey

Huggins Credit Union (HCU) is operating in a rapidly changing financial environment that is currently affected by the pandemic. The Government approved health restrictions do not allow for mass gatherings in public spaces or group events, such as Annual General Meetings.

It is for this reason, HCU will undertake this survey to determine whether members will take part in a virtual AGM meeting. Your participation in this survey will be valuable to HCU and will assist the credit union in its final decision.

Please note, we will keep all answers you provide in the strictest confidence. HCU thank you for your time and consideration.

Please note, this survey closes at 12 midnight on June 7th, 2021.
