

MESSAGE FROM YOUR PRESIDENT

As members of Huggins Credit Union, the safety and wellbeing of you and your loved ones are our primary concern. As the world takes action to manage and mitigate the impact of the Covid-19 virus, you would have seen and heard from our Government daily updates and crisis management communications. We have now passed the 100 mark with persons testing positive for the virus.

We acknowledge the efforts of everyone. Those in the medical field, who are on the front lines of the battle to stop this dreaded virus, and all others who help keep our country running while also risking exposure are true heroes. I invite all our members to continue praying for the safety of everyone. After all, we are each other's keeper.

We will continue to manage the financial assets of the Credit Union as best we can through this period. Soon, we will communicate to you our special "Covid-19" financial products, to assist members in financial distress. Members whom may have received a reduction in their salaries or have been retrenched, operate as sole traders or operates a small business will be considered for these special financial loan packages. Other financial loan products will be reviewed to determine how best the Credit Union can assist its members with their needs.

I would like to remind you of your social responsibility as individuals, to stay at home and limit your movement while practising social distancing in public spaces. Please take the updates, advice and instructions from the Government very seriously. Huggins Credit Union will take all responsible action to help do its part to stop the virus from spreading further.

I would like to encourage you to visit our website and social media platforms for updates in the future. You can also subscribe online to receive information in a timely manner.

Thank you

Robin Samlalsingh
